

UCSF Research and Academic Building at ZSFG

August 2019 Update

Recent Activity:

- The Project Steering Committee met on August 6th to receive updates from the project team about the building's interior layout and exterior design.
- Design Group meetings for the five space type categories were held during the week of August 19th to review Design Development progress.
- The Executive Oversight Committee met on August 20th to finalize program modification requests from user input in Design Group meetings.

Anticipated Activity in the Near Future:

- Some initial soil testing in the B/C lot is scheduled on August 27-28. It will include drilling equipment and may block a few parking spots those days.
- The next project Town Hall will present design updates on October 24th.

Reminder of the Month: Construction begins early next year
