

Recent Activity:

- A concrete pad was constructed east of Building 10 as the new location for the *Stiff Loops* sculpture that is currently adjacent to the C parking lot.
- The Governance Group began work on establishing recommendations for a structure for space allocation in the RAB by reviewing current standards, best practices, and lessons learned from similar contexts.

Anticipated Activity in the Near Future:

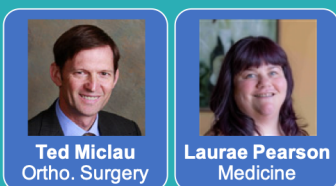

- The *Stiff Loops* sculpture and the fountain in the C parking lot will be relocated in early March.
- The B/C parking lots will close on March 12th.

Reminder of the Month:

- **These representatives are working to support your future needs:**

RAB Governance Group Members

Governance Group Chairs

Wet Lab Space

Design Group Chairs

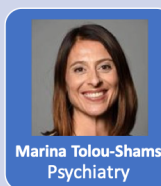

Dry Lab/Admin

Research Cores

Patient Research

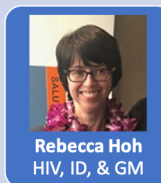

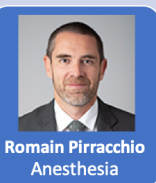

Educational Space

Governance Group Alternate Members:

Design Group Vice Chairs
