

## UCSF Research and Academic Building at ZSFG

June 2020 Update

**Recent Activity:**

- Due in part to the COVID-19 crisis and the permitting process, expected completion of RAB construction has moved from fall 2022 to early 2023.
- Site work began in late June with soil sampling and testing to confirm utility lines. With this preparation comes large equipment, noise and activity.
- The project team will provide regular construction updates and notification of any activity that may be disruptive. Email [UCSF-RAB-ZSFG@ucsf.edu](mailto:UCSF-RAB-ZSFG@ucsf.edu) or call 415-514-7661 with questions or concerns about construction.

**Anticipated Activity in the Near Future:**

- Project trailers are scheduled to arrive on site in early July.
- In mid July, the Project Team will begin installation of a covered pedestrian walkway along the west side of the site.

**Reminder of the Month:**

The ZSFG Vice Dean's Office has posted a [site-specific FAQ](#) for groups returning to research activity on our campus

**Action Steps: Check out the updated [RAB FAQ](#)**
