

UCSF Research and Academic Building at ZSFG

September 2020 Update

Recent Activity:

- The parking lot surface has been removed, and site preparation continues with removal of existing underground utilities.
- A section of the historic brick fence along 23rd Street is being removed. The materials will be put in storage for restoration later in the project.
- Rough grading of the soil surface began for the building pad and roadway.

Anticipated Activity in the Near Future:

- Grading is expected to be completed in mid-October and will be followed by further preparation of the building's foundation.

Reminder of the Month:

Past communications can be found at the new [RAB occupant website](#)
