

# UCSF Research and Academic Building at ZSFG

Welcome to the fifth edition of the UCSF Research and Academic Building at ZSFG project newsletter. This will be a regular update with news and information about the planning and construction of a new UCSF facility at ZSFG.

This newsletter will be sent via email to the UCSF community at ZSFG and can also be found [online](#).

## TOWN HALL Wednesday January 30 12:00-1:00pm Carr Auditorium Brown-bag Session

The next town hall for the UCSF Research and Academic Building at ZSFG is scheduled to take place in Carr Auditorium on Wednesday, January 30 at noon. ZSFG Vice Dean Sue Carlisle will present an update on the project that will include details about the structure of the design phase, opportunities for user input, more information about the Design Group kick off meeting, and introductions of key members of the design-build team. Please join us!

### Project architect selected

In fall 2018, UCSF selected The Boldt Company as the design builder and lead of the design-build team for the UCSF Research and Academic Building at ZSFG. In partnership with UCSF and with participation from representatives of the UCSF at ZSFG community, Boldt has selected Skidmore, Owings & Merrill LLP (SOM) as the project architect.

### Designing the building

With an architecture firm in place as part of the project team, the design phase for the new building will begin. This process will include participation from Design Groups for different categories of space type, including wet labs, dry labs and administrative areas, shared research cores, facilities for patient-centered research, and education space. In these Design Groups future users of the building will have the opportunity to review proposed designs and provide detailed review and comment to the architect based on Design Criteria that have been developed for the facility. The Design Groups recommendations will also be shared with the ZSFG Vice Dean.

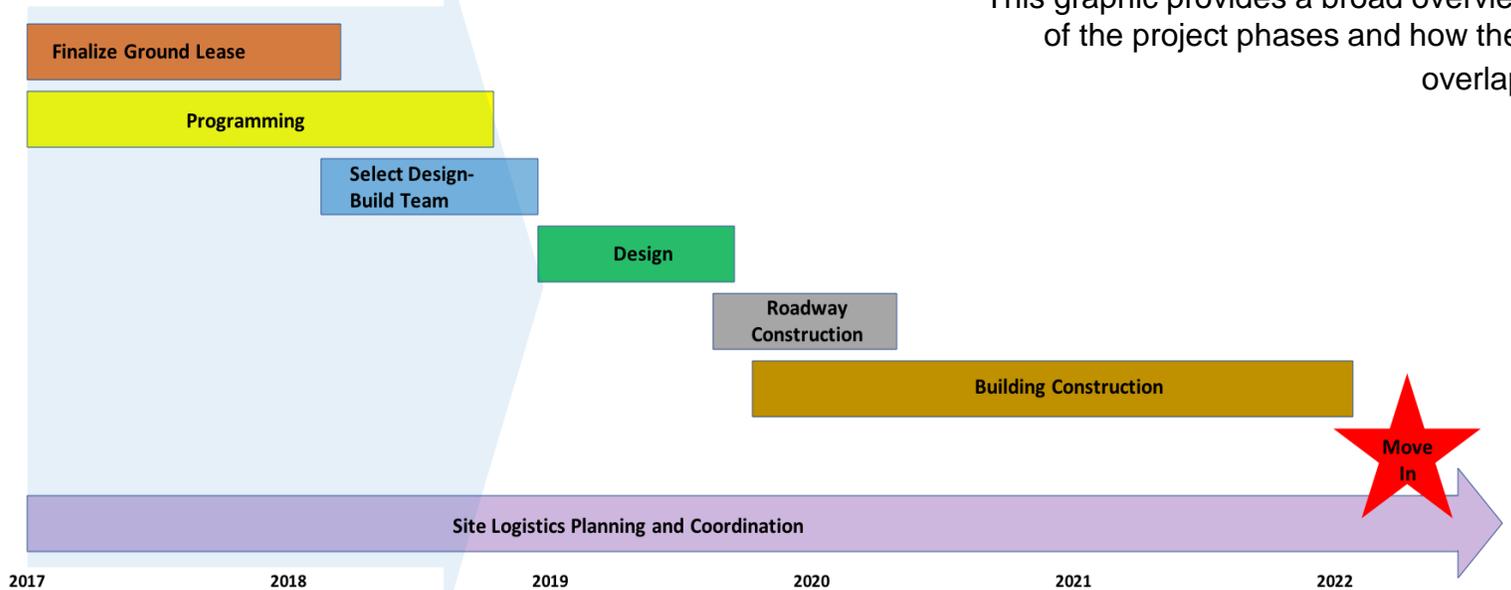

The group members will consider ideas at a more detailed level than the initial focus group meetings held during the programming phase in 2016. We expect each group will hold 4-6 meetings of 1-2 hours in length at ZSFG over the next 6 - 8 months. Participants will be expected to attend all their group meetings in addition to researching and reviewing materials.

If you would like to participate in the Design Groups, notify us of your interest at the project email address: [UCSF-RAB-ZSFG@ucsf.edu](mailto:UCSF-RAB-ZSFG@ucsf.edu)

## Project schedule

This graphic provides a broad overview of the project phases and how they overlap.

## Project communications

Please send questions or concerns about the UCSF Research and Academic Building at ZSFG project to UCSF-RAB-ZSFG@ucsf.edu. These messages will be addressed by the building project team.

A set of [Frequently Asked Questions \(FAQ's\)](#) about the UCSF Research and Academic Building at ZSFG was updated recently. If you have a question you would like to add to the FAQ's, please send it to UCSF-RAB-ZSFG@ucsf.edu.

## The UCSF RAB at ZSFG project

UCSF is building a new research and academic building at the Priscilla Chan and Mark Zuckerberg San Francisco General Hospital and Trauma Center Campus (ZSFG); construction of the new UCSF research building is expected to begin in 2019. For more details about the project please visit the [ZSFG pages](#) at [space.ucsf.edu](https://space.ucsf.edu).
