

# Construction Update

## Wayne and Gladys Valley Center for Vision

### July 2019 Construction Activity

- Work on the exterior skin continues, including filling in the former location of the exterior lift as well as continued waterproofing, caulking, and installation of the exterior metal paneling system and windows.
- Interior construction includes the installation of flooring, tile, doors, trim, casework and other finishes.
- Interior painting is underway throughout the building.
- Work in lower level restrooms includes installation of counter tops, partitions, mirrors and other accessories.
- Buildout of the first floor lobby and auditorium is underway.
- Installation of interior plumbing, water, electrical, data, and other utilities continues.
- Elevator work continues, including finishing work in the elevator lobbies and cabs.
- Landscape activity is scheduled to start mid-July on the north and west sides of the site with grading and work to install site lighting, irrigation and drainage.
- Utility connections to the new building – water, gas, power, network and data – are being finalized.

Coordination continues with other non-UCSF project work on Illinois, 3<sup>rd</sup> and 16<sup>th</sup> Streets.

*Please note all dates are subject to change. Weather may impact activities and schedules.*
