

# UCSF Research and Academic Building at ZSFG

Welcome to the seventh edition of the UCSF Research and Academic Building at ZSFG project newsletter. This will be a regular update with news and information about the planning and construction of a new UCSF facility at ZSFG.

This newsletter will be sent via email to the UCSF community at ZSFG and can also be found on the ZSFG pages at [space.ucsf.edu](http://space.ucsf.edu).

**TOWN HALL**  
**Thursday October 24, 2019**  
**12:00-1:00pm**  
**Carr Auditorium**  
**Brown-bag Session**

Please join us for a Town Hall, which will include a review of design progress and the latest building renderings. We will also look ahead to the next phases of the project. All are welcome to attend!

Hosted by Vice Dean Sue Carlisle and the Project Team.

## Design Update: Design Development Phase

Architectural design of new buildings follows an established series of phases that add increasing detail to plans. The UCSF RAB at ZSFG project is approaching the end of the phase called Design Development (DD). The previous design phase, Schematic Design (SD), established sizes and locations for different types of space within the building. Design Development (DD) has collected input from multiple meetings with our Design Groups and used it to refine the ideas from SD and develop detailed plans for every space. The next design phase, the Construction Documents (CD) phase, will finalize the plans for the building and produce the set of drawings used for construction.

Please join us at the Town Hall on October 24 to learn more about DD progress and see updated renderings of the new building!

Our Design Groups

## Project Communications

Please send questions or concerns about the UCSF Research and Academic Building at ZSFG project to [UCSF-RAB-ZSFG@ucsf.edu](mailto:UCSF-RAB-ZSFG@ucsf.edu). These messages will be addressed by the building project team.

A set of [Frequently Asked Questions \(FAQ's\)](#) about the UCSF Research and Academic Building at ZSFG was updated recently. If you have a question you would like to add to the FAQ's, please send it to [UCSF-RAB-ZSFG@ucsf.edu](mailto:UCSF-RAB-ZSFG@ucsf.edu).

## Determining Governance for the New Spaces

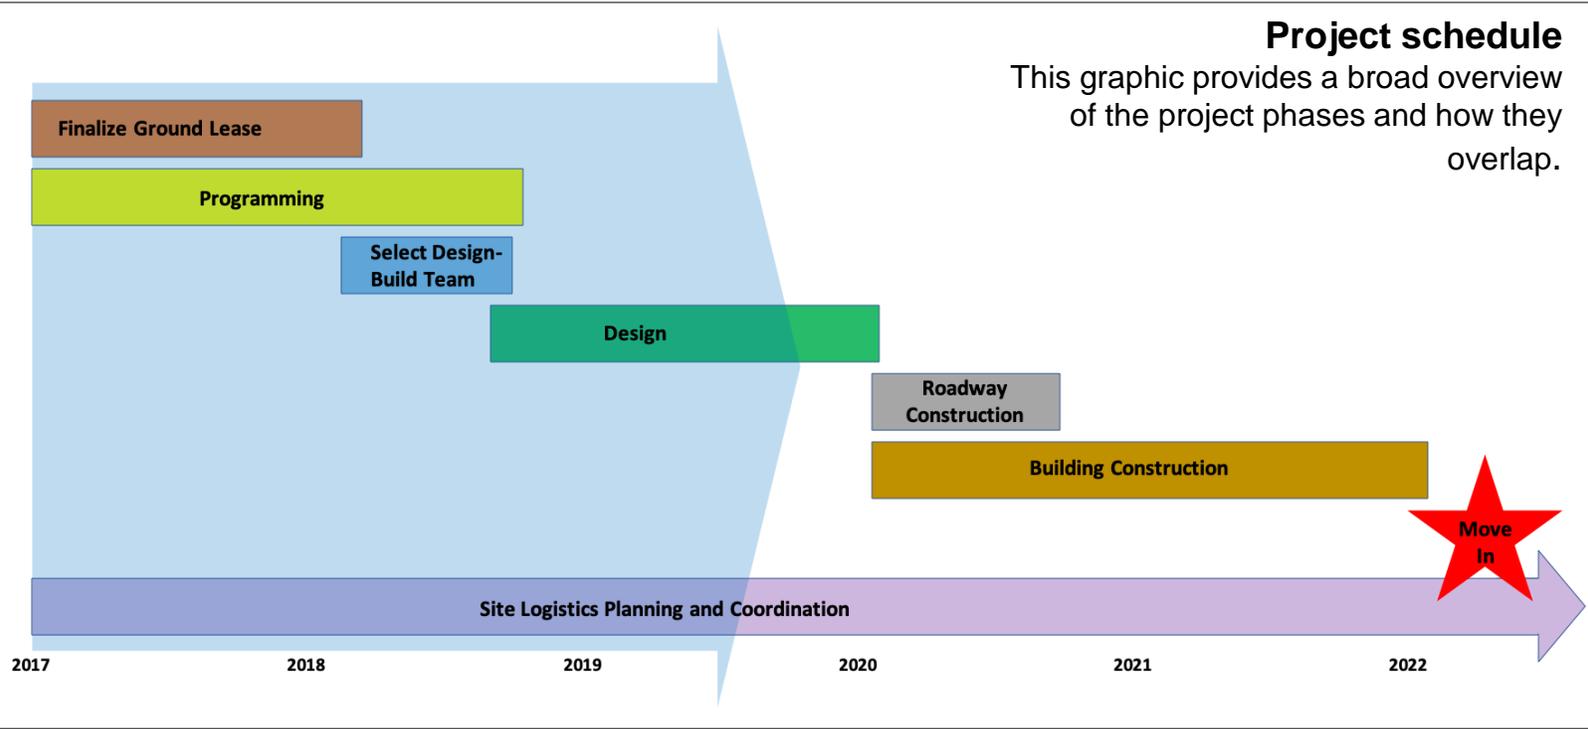

A Governance Group, led by Laurae Pearson and Ted Miclau and composed of the chairs of the Design Groups, is in the very early stages of developing governance structures for the new building. Their work over the next two to three years will determine how space will be allocated and how services and responsibilities are shared among occupants in the new building. A structure will be in place as we prepare to relocate to the new facility and is expected to continue to grow and adjust once we have moved in.

## Project Outreach to City and Community

There is a great deal of outreach involved in designing and planning to build a new UCSF facility. The UCSF RAB at ZSFG is no exception, and its location on the historic ZSFG campus has meant the involvement of some special groups. Over the last few months the project team has presented to numerous organizations, including the SF Health Commission, the SF Arts Commission, and the Historic Preservation Commission. They have also given informational presentations at neighborhood association meetings, including Potrero Boosters and Calle 24, and at the quarterly ZSFG Community Meetings.

Detail of the new building façade.

## The UCSF RAB at ZSFG project

UCSF is building a new research and academic building at the Priscilla Chan and Mark Zuckerberg San Francisco General Hospital and Trauma Center Campus (ZSFG); construction of the new UCSF research building is expected to begin in 2020. For more details about the project please visit the [ZSFG pages](https://space.ucsf.edu/zsfg) at [space.ucsf.edu](https://space.ucsf.edu).
