

Update

April - May 2017

Real Estate, Planning
& Capital Programs

Parnassus Seismic Renovation Program

University of California
San Francisco

What is happening?

Clinical Sciences Building (CSB):

- Soft demolition substantially complete.
- Currently bidding for contractor for next phase.
- Next phase of work will resume in late Spring 2017 with hard demolition and construction.

Utility Relocation, Phase I:

Saunders Court substantially complete.
Next phase to resume late Summer 2017

The new CSB

Anticipated completion date for the renovation is early 2019. See <http://space.ucsf.edu/clinical-sciences-building> for projected floor plans and learn about open plan workspace design, which combine private offices with flexible open space.
